

**Scientific degree, scientific school:**

Master of Science in Biotechnology, L.N.Gumilyov
Eurasian National University

Undergraduate degree in Biotechnology, L.N.Gumilyov
Eurasian National University

Scientific interests:

Molecular biology, biochemistry, virology

Grants (participation):

2018-2020: « The influence of virus protein determinants on
acquired resistance of plants and generation plant seed material
with pre-programmed resistance to the viral infection»

Tleukulova Zhanerke
Birzhankyzy

Teacher at the
Department of Biotechnology
and Microbiology

Email:zhanerke.birzhan@g
mail.com

phone:

Professional experience:

2016 – till present: teacher at
the Department of
Biotechnology and
Microbiology

Delivered courses:

Molecular biology, molecular biotechnology

Publications (selected):**Awards:**
